SUMMARY

Competition in life coaching is rampant. When launching a new life coaching business, all pieces have to be in place (including the freebies, funnel, pixel and social media strategy). This author had been successful in distributing her book through organic social media but wanted to really up-level and scale with her proven coaching program that integrated with the book.

GOAL

This life coach was starting with a new list and wanted to scale the $3500 1:1 program that was the companion to her life coaching book. While she had experienced success through referrals, she hadn't yet cracked Facebook ads. We set out to make FB ads work for her.

ACCOMPLISHMENTS

We did a partial build to pull together various landing pages she had created herself. When we launched her funnel and ads, she quickly began to add 30 leads to her list per day. She still continued to add 30 leads to her list per day (3 months later) and shortly started adding staff to help with her program.

This funnel yielded opt-ins at $1 per lead and booked sales calls at $15 per sales call. The ads on her campaign steadily received Click-Through-Rates of double industry standards (this indicates the quality of the ads). She also got a Cost-Per-Click of $0.48 (truly exceptional). Keep in mind these exceeded industry averages which are: cost-per-click $2, CTR 1% (cold audience) and freebie opt-in $2-4 per lead.

In 30 days she booked 61 calls at $15 a piece (extremely cheap) and over 30 days she closed 13 people in her 3.5K 1:1 program yielding a profit of 45K in 30 days, which was a return on ad spend (ROAS) of 4352x.

STRATEGY

Success like this doesn't happen overnight - it was a coordinated launch with the successful use of audience testing, audience research, strategically using FB Lives to generate rich audience data, as well as a coordinated social media approach.
